Update on the September 29th Technology Upgrade

We appreciate your membership at PTCCU and the trust you have placed in us. In order to better serve you and offer even more beneficial products and services, we will undergo a major technology upgrade to all of our current systems. The upgrade process will begin Friday September 29th after close of business. We will be working diligently through the weekend and Monday October 2nd to complete the upgrade. We will be back to normal business on Tuesday, October 3rd. ACH debits and credits, including direct deposits, will post as usual Friday, September 29th. Your ATM, debit and credit cards will be available for use during the upgrade weekend; however, there will be limited access to other services during the three-day upgrade. Services that will not be available during the upgrade weekend include: home banking, bill pay, ATM balance inquiry and shared branching services. To make this upgrade as easy as possible, the following items will remain the same after the upgrade: Your member and account number(s) will not change, (suffix(s) will be numbers instead of letters). Our routing and transit number, credit card, ATM card, and debit card numbers will not change. Pin numbers will also be the same, as well as, your checks, pre-authorized payments and direct deposits.

Once complete, the technology upgrade will enhance the services and products that we can provide to you, our valued members. Look for more details as we get closer to conversion date.

We appreciate your support and patience as we make this important upgrade.

Sincerely

Dan Goehring, CEO
